Summer Reading Activities

For each of the books you read this summer, choose a different assignment from the choices listed below.

Picnic Lunch

Create a sandwich model of the most important parts of your book.

Use a separate sheet of paper for each sandwich layer or use colored construction paper for each sandwich layer. On the top slice (the top piece of bread) write the title, author, and your name. On the lettuce, write a brief summary of the book (Tell what happened, to whom it happened, and how it ended). Was the person like you or different from you? How so?) On the turkey slice describe the plot (was was the main problem the character had and how was it solved?) On the bottom slice (the bottom piece of bread) draw your favorite scene from the story.

Tell me a Story

Write a paragraph telling about the book you read. Include the title, author, main characters, setting, problem and solution.

In the News

Create the front page of a newspaper that tells about events and characters in the book you just read. The title of the newspaper should be something appropriate to the book. In your article, answer the questions: Who, what, where, and when.

Be a set designer

Select an interesting setting from your book. Make a sketch of the setting and create a model of the setting using a shoebox. Design the shoe box as if it is a room from the story. Write a paragraph that tells WHY you chose this setting. You may include characters from the story in your shoebox setting.

Be a star

Using a video camera or webcam, create a script for your favorite part of the book and then, using a video camera or webcam, record yourself and/or others, acting out your favorite part. Be sure you are dressed as your character and try to make the setting similar to the book. At the end, summarize the book and tell why the scene you acted out is your favorite. You may do this with the camera or you may write it on paper.

Parents can help!

It is very important to help your child understand summer reading can be both fun and beneficial. Children who have a habit of reading not only learn to be better readers but they also perform better in school and receive higher grades. Summer reading keeps your child's brain working over the summer. With the right attitude, it can be enjoyable and relaxing.

Tips to help your child enjoy reading:

Set the PACE!

Lead by example. Let your child see YOU reading each day.

Find a PLACE!

Provide a space in your home with lots of different reading materials like books, newspapers, magazines, travel brochures, a dictionary, and/or a thesaurus.

Don't make it HARD!

Find time to read. Share a book with your children. Keep one with you in the car or your purse so that you can read and discuss while you are "out and about".

Get a Library Card!

The library is full of FREE reading opportunities and offers a quiet, air conditioned place to share a book!
